EXPERIENCE

THE SPARKS FOUNDATION | WEB DEVELOPER INTERN

Sep 2022 - Oct 2022 | Remote

- I worked on a Donation website project.
- I used HTML, CSS, JS, PHP, and Bootstrap to build this project.
- I used the Razor Pay Payment gateway for transactions.
- Internship certificate
- Live Website

INTERNSHIP ALERTS | WEB DEVELOPER INTERN

Aug 2022-Sep 2022 | Remote

- I work on Four Projects in this internship.
- I use HTML, CSS, JS, Bootstrap, and PHP to build these projects.
- I worked on Food Order Website, Online Course Website, Portfolio Website, and Tic Tac Toe game.
- Internship Certificate

OASIS INFOBYTE | WEB DEVELOPER INTERN

Aug 2022 | Remote

- I developed the frontend part of the Landing Page of the Oasis InfoByte Website.
- I use HTML and CSS to build this.
- I also used Bootstrap which is a CSS framework.
- Internship certificate
- Live Landing Page

PROJECTS

MARVEL MOVIES AND SERIES WEBSITE | LINK

- I develop this website because it is hard to find the chronology of marvel movies and series because of this people watch movies and series in the wrong order and then they did not understand movies properly.
- I use HTML CSS, Javascript, and Bootstrap to build this.
- I deploy it on Netlify.
- I place all the movies and series in the correct order and arrange them in phases wise that viewers can easily understand the order of the movies and series.

PORTFOLIO WEBSITE | LINK

- I develop this portfolio website to showcase my Projects, Certifications, and Achievements.
- I use HTML CSS, Javascript, and Bootstrap to build this.
- I deploy it on Netlify.
